

# Save money with in-network dentists

When it comes to pearly whites, everyone wants to save a little green. With the Delta Dental PPO™ network, you'll get quality dental care at a fair price — here's why.

When dentists join Delta Dental's PPO network, they agree to provide discounts for services. On average, **patients save more than 35 percent<sup>1</sup>** on the fee a Delta Dental PPO dentist would typically submit for a claim.

## Example savings for a common procedure

Delta Dental PPO network dentists have agreed to charge \$778 for the \$1,200 service. Your Delta Dental plan covers 50% of the cost. Assuming you've already met your deductible for the year, Delta Dental will pay \$389 and you'll pay \$389.	When you visit a Delta Dental Premier network dentist, they have agreed to charge \$1,006 for the \$1,200 service. Assuming you've met your deductible, Delta Dental will cover 50% of that \$1,006, paying \$503. You'll pay \$503, which is \$114 more than if you see a PPO dentist.	Out-of-network dentists have not agreed to charge a lower fee and will bill the full \$1,200. Your Delta Dental plan covers 50% of the cost. Assuming you've already met your deductible for the year, this leaves you with a bill of \$600.
